Languages Known

- Tamil
- English

PROJECT EXPERIENCE

Smart College Admission Recommendation System
Tech Stack: HTML, CSS, JS, PHP

- Developed a website that suggests colleges based on user preferences and counselling categories.
- Integrated an interactive map for college locations and an AI chatbot for personalized guidance.

Real-time Weather Application
Tech Stack: HTML, CSS, ReactJS

- Developed a dynamic weather app using React.js, integrating a real-time API to display temperature, humidity, wind speed.

SmartBite – Full Stack Food Ordering Website

- Built a complete food ordering platform with user authentication, admin panel, shopping cart, real-time order status updates and stripe-integrated secure online payments

Mini Projects

- **Medical Shop Management System -** Developed a Medical Shop Management System with real-time inventory tracking, sales management, and expired medicine validation to enhance operational efficiency and compliance.

- **Donut Delight UI Design -** Designed an intuitive and visually appealing Donut Delight UI in Figma, emphasizing a seamless and engaging user experience.

INTERNSHIP EXPERIENCE

Industrial Oriental Course On Oracle Technologies(Online)

- Completed an Industry-Oriented SQL, PL/SQL, APEX training, gaining expertise in Database management System.
- Developed Strong practical skills in writing complex SQL, PL/SQL queries and efficient data manipulation

ACHIEVEMENTS

- Secured Rank I in PL/SQL and Rank II in SQL by Oracle Technologies.
- Top 10 Rank in Coding Contest by Sri RamaKrishna College of Engineering, Coimbatore.
- Presented Innovative ideas through Paper Presentation at Coimbatore Institute of Technology
- Solved 200+ Programs in Leetcode , 2370+ Programs in Skillrack
